Discover the Award-Winning San Diego Convention Center

We are proud to be the region's premier gathering place. Since opening our doors in 1989, our team's top priority has been to provide outstanding customer service so you'll want to come to San Diego over and over again.

LOCATION

The San Diego Convention Center is favorably located within walking distance of over 13,000 first-class hotel rooms and is just 10 minutes from the San Diego International Airport. Also within easy walking distance are hundreds of unique restaurants, shops, parks and attractions. Before or after meetings, attendees can stroll to the lively Gaslamp Quarter, Seaport Village, The Headquarters shopping district, the historic USS Midway Museum, and Petco Park, home to the San Diego Padres. Getting around the rest of town is simple with many convenient transit options.

SPACE

Our waterfront facility features 2.6 million gross sq. ft. with 615,701 sq. ft. of exhibit space and 204,114 sq. ft. of meeting space including two 40,000 sq. ft. ballrooms.

The Center is home to 284,494 sq. ft. of pre-function, lobby and registration space, as well as 184,514 sq. ft. of outdoor terrace space. Ultimate flexibility is offered for groups of any size. More than a half million sq. ft. of contiguous exhibit space is divisible into seven halls of varying sizes. Approximately fifty loading docks offer convenient access to exhibit halls.

FEATURES

The building's architectural centerpiece is a 90,000 sq. ft. Sails Pavilion that provides an open-air feel. The exhibit space allows meeting planners to customize lighting of the iconic Sails Pavilion roof. The glass-enclosed space features an industry standard trade show floor, high-tech lighting and a cooling and heating system for maximum comfort year-round. The column-free space is equipped for a variety of events, from trade shows and receptions to banquets and galas.

The Sails Pavilion is flanked by two ballroom foyers that provide excellent pre-function space for receptions, coffee breaks, and registration activities. The ballrooms themselves each offer more than 40,000 sq. ft. and can easily be divided into smaller sections, designed for maximum flexibility. Several meeting rooms open out to expansive terraces overlooking the San Diego Bay, the perfect place for attendees to soak up San Diego's year-round sunshine.

SERVICE

Renowned for our impeccable, high-quality service and experienced, award-winning staff, the Convention Center provides seamless customer service from the initial planning stages to the conclusion of an event. From housekeepers to groundskeepers to event managers, our Center's team has a special operating philosophy; each person who enters our doors becomes an honored guest. This can-do attitude ensures successful events and keeps meeting planners coming back to our center again and again.

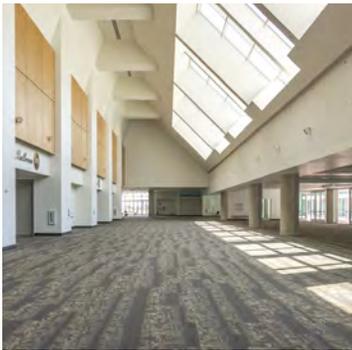

HEALTH & SAFETY

The San Diego Convention Center's highly experienced staff will ensure appropriate health and safety protocols are in place to provide a clean and welcoming environment. We frequently communicate with meeting planners to provide up-to-date information about our protocols and applicable guidance from the CDC, State of California, and County of San Diego.

We're continually enhancing our facility and services. For the latest updates, see our website at visitsandiego.com.

Lobby & Prefunction Space

Enter the San Diego Convention Center and you're walking into an iconic architectural wonder. Translucent, barrel-vaulted glass skylights offer panoramic views of downtown San Diego. With 75,756 sq. ft. of space, and customizable digital signage, our lobby offers a bright and welcoming environment for your guests.

Exhibit Halls

The exhibit halls offer 525,701 sq. ft. of contiguous exhibit space on the ground floor. The main hall is divisible into seven halls, each of varying size. Streamlined columns provide column-free space in selected halls. Approximately 50 loading docks provide access.

Meeting Rooms

The building offers over 204,000 sq. ft. of meeting space in 72 meeting rooms located on the upper and mezzanine levels of the building.

Ballrooms

Two 40,000 sq. ft. ballrooms provide ample room for all your needs. The perfect combination of understated elegance and practical functionality, both ballrooms can accommodate larger general sessions or banquets, or can be divided into smaller rooms for any type of function.

Outdoor Space

With sunshine year-round, the terraces and outdoor mezzanine levels showcase San Diego's beautiful weather. Dramatic views of San Diego Bay and the Coronado Bridge make the terraces the perfect backdrop for any special event. The area features an observation deck and illuminated skywalk. With 184,514 sq. ft., there's ample room for both small and large functions.

Sails Pavilion

Considered the building's most iconic space, the Sails Pavilion offers 90,000 sq. ft. with sweeping views of the city and bay. Glass-enclosed with an industry standard tradeshow floor, the area is flexible for any type of event activity ranging from upscale receptions to exhibits. The newest enhancement and upgrade to the Sails Pavilion includes the option to customize LED colored lighting that is visible both inside and outside, illuminating the San Diego skyline.

What Color is Your Meeting?

Customize and personalize your event in a spectacular way through LED lighting in our iconic Sails Pavilion.

COMPLIMENTARY LIGHTING

Any client that has a full-facility contract can select one color of their choice to light up the Sails each evening of the contracted event days. This will be complimentary during any four-hour block of time of their choosing (ending at midnight) to showcase the color that best represents a specific event. This is our way of saying thank you for bringing your business to the San Diego Convention Center.

FIRST-COME, FIRST-SERVE LIGHTING

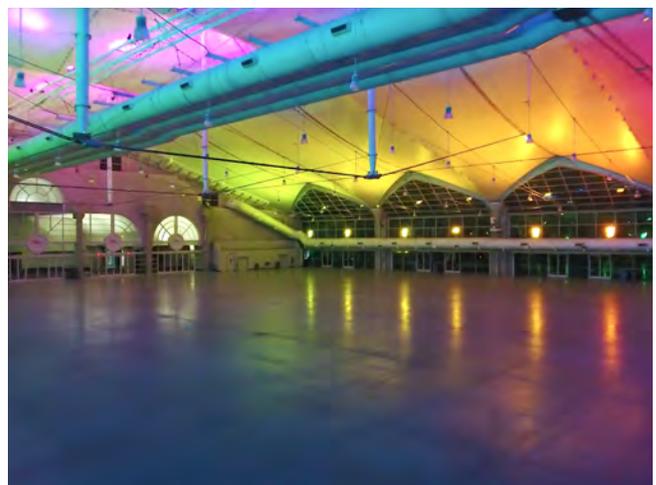

Any client that contracts a portion of space in the Center can receive one color for a single contracted event day of their choosing for four hours (ending at midnight). This will be on a first-come, first-serve basis if the Sails Pavilion has not been contracted.

CUSTOMIZATION

Customization includes:

- Consultation and informational meeting on LED capabilities
- Custom light show design and test
- Pre-Show video presentation and final customization
- Showtime remote monitoring for a seamless lighting show rollout

Space Details

GRAND LOBBY/PREFUNCTION

- 284,494 sq. ft.

- 14 escalators

ELECTRICAL

- 120, 208, 227, and 480 V (single and three phase)
- Full range of electrical services are available through your approved electrical provider

PARKING

- Underground parking structure offers 1,950 spaces and adjacent parking structure offers 2,000 spaces
- Entrances off Harbor Drive
- No overnight parking

LOADING DOCKS

- Approximately 50 loading docks
- 30 ft. high elephant door located at Hall H

ACCESSIBILITY

- The San Diego Convention Center is in compliance with the Americans with Disabilities Act

Lobby Services & Amenities

With everything from charging stations to coffee shops, many of our guests' needs will be met without having to leave the building. We take care of all the details so you can focus on the bigger picture.

STARBUCKS

Get fueled up on coffee! Choose from three locations in **Lobbies A, C and E.**

FEDEX OFFICE BUSINESS CENTER

Do all your shipping, mailing, printing and other business needs at our on-site business center located in **Lobby D.**

MOTHERS LOUNGE

We are proud to offer two mothers lounges, located in **Lobbies A & E.**

INCLUSIVE RESTROOM

An inclusive restroom with two private single-occupancy rooms, each with a locking door and floor-to-ceiling walls is located in **Lobby A.**

WATER FILL STATIONS

Refill your reusable bottle at stations throughout the building.

GUEST SERVICES

Have questions? Need directions? Our friendly team of **uniformed guest services professionals** can help you find your way.

FREE WI-FI

Available in **all lobbies.**

CHARGING STATIONS

Take a quick break to charge your devices at one of our stations, located along the **lower level lobbies.**

Venue Services

Hosting the best events takes the best facility paired with the best services.

GUEST SERVICES

As the first convention center in the nation to have uniformed door greeters welcoming our guests, our friendly guest services team is always ready to help attendees get where they're going. They are the best in the business at assisting with special needs and are experts in providing directions and managing traffic flow.

HOUSEKEEPING & CLEANING SERVICES

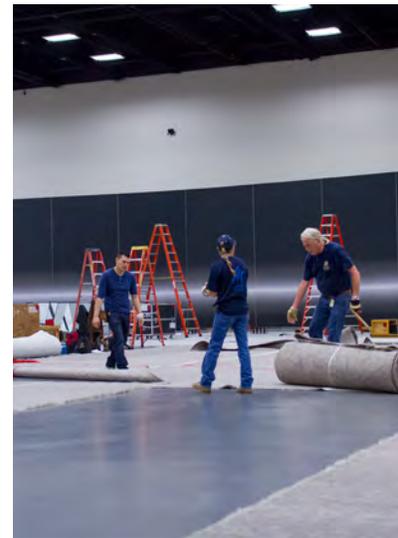

Professional, efficient, and friendly, our cleaning staff takes great pride in maintaining an immaculate facility from top to bottom. We use cleaning products that are environmentally-friendly and our housekeeping staff is at the heart of our award-winning recycling program. Cleaning services are exclusively provided by the San Diego Convention Center.

SECURITY

Our building places a high priority on safety and security for our attendees. Ensuring a smooth operation, our security team is extensively trained and responsible for all public areas including facilitating dock operations and directing shuttle and vehicle traffic on the front drive. For leased space, we have a list of approved event security providers, all professionals in the field of conventions, trade shows, and public events.

LABOR PARTNERS

The San Diego Convention Center has a long and productive relationship with our labor partners. Our award-winning customer services are directly attributed to our staff, as well as our strong partnership

with local unions. To ensure exceptional customer service and quality workmanship, SDCC maintains formal agreements with eight local labor unions. The result has been a working environment in which both the Center and labor are committed to maintaining the highest level of customer satisfaction. It has also ensured that work is performed at a reasonable cost that reflects the highest level of efficiency, productivity, and quality. For details, please refer to our Regulations at visitsandiego.com.

Business Partners

We've got all of your needs covered under one roof.

FOOD AND BEVERAGE

From first course to last, our exclusive onsite food and beverage provider, *Sodexo Live!*, has pleased plenty of discerning palates with its mouth-watering cuisine. *Sodexo Live!* offers impeccable service and a superb selection of menus for every occasion and size. Each guest is treated to a unique culinary experience from our team of talented professionals.

TECHNOLOGY

Smart City Networks, the Convention Center's exclusive technology services provider, offers network solutions designed specifically for the convention, trade show and meeting environment. Their networks link attendees, exhibitors and meeting planners through telephone, high-speed Internet, digital radio, and redundant 10 Gigabit circuit backbone. A dedicated staff of customer care professionals is onsite along with 24/7 network monitoring and remote staff support committed to the success of each event.

AUDIO VISUAL

ON Site is our preferred provider of audio visual services and the exclusive provider

of production rigging and in-house sound. ON Site provides custom solutions to meet hybrid event needs, supporting a stellar experience for virtual and in-person attendees alike.

Boasting one of the largest rental inventories of cutting-edge technology, ON Site has both the equipment and the expertise to translate your vision into reality. With over 30 years of experience, ON Site can service all of your meeting needs from the exhibit hall to the ballroom and everything in between.

Hybrid Events

The San Diego Convention Center is prepared to help you offer successful events that feature in-person programming and virtual components, often referred to as hybrid events. The information below details the scale and capabilities we have in our facility.

PARTNERS

With our infrastructure and our experienced in-house technology partners ON Site and Smart City, we can help you simplify the process of producing hybrid events. The ON Site team provides equipment, platform, labor, content creation, program and technical direction and more. Smart City will ensure you have the necessary connections, secure access and dedicated bandwidth for virtual components.

SERVICES

Hybrid event activity may scale from a video call in small meetings to live-streaming sessions for remote viewers to presenting keynotes with multiple live speakers in remote locations interacting with in-person attendees. The following menu includes our most popular offerings; our team is able to customize our services to meet your specific event needs.

TECHNICAL SUPPORT

Providing technical and consulting support for customers bringing their own software and equipment.

BASIC VIDEO CALLS

Usually a single speaker on a video call using existing meeting equipment (computer, projector, screen, microphones, camera, lighting) and a platform provided by either the client or ON Site.

ENHANCED VIDEO CONFERENCES

Offering a more complex video conference using Zoom, Teams or an equivalent video conferencing platform to better facilitate multiple remote participants. Potentially use split screens or multiple screens to simultaneously show a presentation and speakers.

PRODUCTION AND TECHNICAL DIRECTION

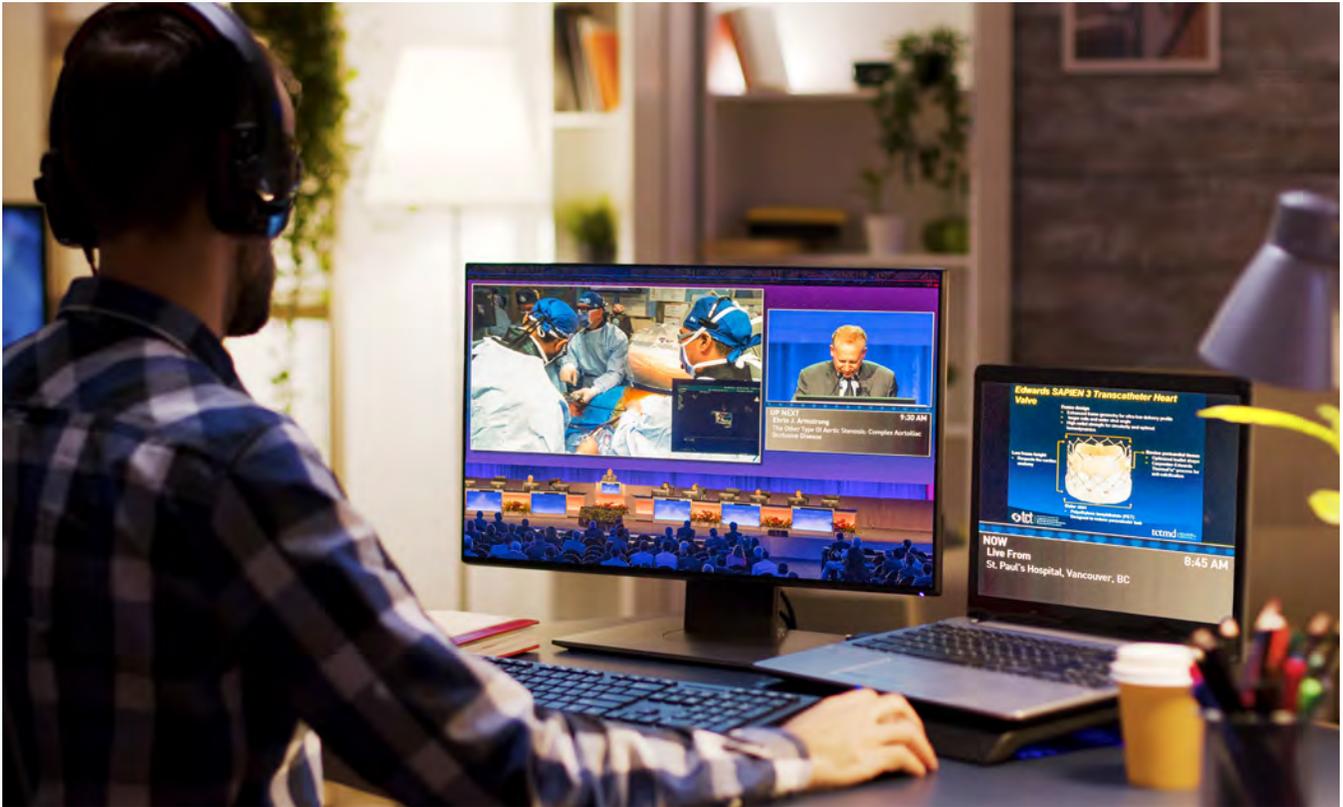

Collaborating with you to produce the hybrid programming. This production can involve script-writing, set design, live camera-switching, cueing speakers and routing video feeds.

RELIABLE & DEDICATED BANDWIDTH

Strong internet connections to meet event needs for video streaming and interactivity. Smart City contracts with at least two carriers with separate points of entry into the facility for bandwidth. Should one circuit fail, we have automatic failover to the back-up circuit so there is no downtime to clients.

INTERACTIVE CHAT AND POLLING

Creating virtual lounges where remote viewers can interact with either an in-person or remote speaker. Chat text may appear on screen for the speaker and/or the in-person audience. Polling tools allow for seamless collective interaction between the audience and speaker.

COMPLETE HYBRID CONFERENCE PLATFORM

For a fully immersive and cohesive hybrid conference experience, a single platform can be used for broadcast management, virtual lounges, speaker-ready rooms, and audience interactions.

PRE-EVENT RECORDINGS

Producing video recordings either in advance of an event or before a scheduled release time. Videos may be published on your website or made available to attendees through other methods.

OFF-SITE BROADCAST STUDIO LOCATION

Providing an off-site studio, potentially in a different city, for remote speakers to conduct high-quality live-streaming.

CONTENT CREATION AND MUSIC LICENSING

Assisting with licensing music or other content that you may want to include in your virtual materials. Content creation may include full titles and graphics, custom animations and show theme design.

SOCIAL DISTANCING SOLUTIONS

Facilitating presentation overview rooms and lounges, touchless registration stations, social distance measurement systems, and virtual information booths.

MAXIMIZING SPONSORSHIP OPPORTUNITIES

Supporting you with identifying unique opportunities, maximizing exposure for sponsors during hybrid events and tracking analytics.

24/7 MONITORING & SUPPORT

A local team is available during event hours and on-call 24/7. All ports are polled every 3 to 5 minutes for connectivity and network stability. Additional network switches and wireless access points are kept on-hand and connected to networks at all times.

We can customize our solutions to meet your vision and needs. Contact your event manager to get started today!

Sustainability & Community

The San Diego Convention Center has been a proud industry leader in sustainability for decades. In 2018, we achieved Level Three certification to the APEX/ASTM Environmentally Sustainable Event Standards.

We also support our community through donation drives and volunteer activities in partnership with local nonprofits serving the military, children, and unsheltered populations.

sustainability

ENVIRONMENTALLY CONSCIOUS

We believe in the importance of recycling and reducing waste. 4-Stream waste receptacles are located throughout the building, allowing attendees to recycle during events. The four streams include paper, recyclables, trash and compost.

Additionally, we are environmentally-responsible with the products we purchase, including paper towels, tissues, toilet paper, cleaning products, cutlery, plates, and more. When we need to use single-use containers, products made from renewable sources are our standard. All of our in-house contractors are required to adhere to the same purchasing practices.

EFFICIENT AND SUSTAINABLE ENERGY USE

In 2021, we began partnering with San Diego Community Power to source sustainable energy from renewable energy sources, which increased our renewable percentage from 31% to 50%.

When maintaining and updating our building, we seek to incorporate green solutions. For example, our entire facility uses LED light fixtures, including the lights in our iconic Sails Pavilion.

ECO-FRIENDLY COMMUTING

Together with regional transportation organizations, we promote use of public transit. Our building is across the street from a trolley stop and less than a mile from a train station that connects employees and visitors to North San Diego, Los Angeles, and beyond.

COMPOSTING

We compost all non-edible food. Our kitchens do not have garbage disposals so no food scraps are wasted. We have composted as much as 180 tons of non-edible food in a single year.

DONATIONS

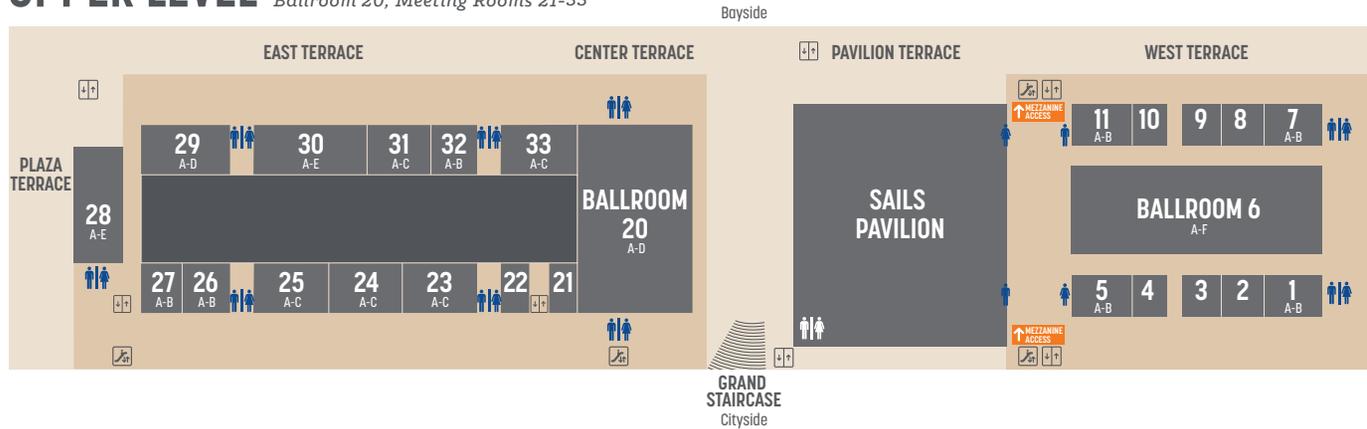

When food is prepared but not served, we donate it to the San Diego Rescue Mission. One year's worth of food donations plates over 100,000 meals, on average.

Another big part of our donation program is providing convention items that can be used by local organizations. One example is partnering with Habitat for Humanity to provide materials they can use to build houses. With effective coordination, our team can ensure that meeting planners and exhibitors are able to donate excess items and materials.
