# Discover the Award-Winning San Diego Convention Center

We are proud to be the region's premier gathering place. Since opening our doors in 1989, our team's top priority has been to provide outstanding customer service so you'll want to come to San Diego over and over again.

### LOCATION

The San Diego Convention Center is favorably located within walking distance of over 13,000 first-class hotel rooms and is just 10 minutes from the San Diego International Airport. Also within easy walking distance are hundreds of unique restaurants, shops, parks and attractions. Before or after meetings, attendees can stroll to the lively Gaslamp Quarter, Seaport Village, The Headquarters shopping district, the historic USS Midway Museum, and Petco Park, home to the San Diego Padres. Our newest neighbor is The Rady Shell, an open-air, waterfront concert and events venue. Getting around the rest of town is simple with many convenient transit options.

With a warm, year-round climate and a stunning coastline, San Diego is a top destination for domestic and international travelers. It's also consistently recognized as one of the most creative and inventive cities in the world! San Diego is home to cutting-edge businesses and research organizations in life sciences, aerospace, defense, cleantech, cybersecurity, software, manufacturing, and other innovative industries.

### **SPACE**

Our waterfront facility features 2.6 million gross sq. ft. with 615,701 sq. ft. of exhibit space, and 204,114 sq. ft. of meeting space including two 40,000 sq. ft. ballrooms. The Center is home to 284,494 sq. ft. of pre-function, lobby and registration space, as well as 184,514 sq. ft. of outdoor terrace space. Ultimate flexibility is offered for groups of any size. More than a half million sq. ft. of contiguous exhibit space is divisible into

seven halls of varying sizes. Approximately 50 loading docks offer convenient access to exhibit halls.

### **FEATURES**

The building's architectural centerpiece is a 90,000 sq. ft. Sails Pavilion that provides an open-air feel. The exhibit space allows meeting planners to customize lighting of the iconic Sails Pavilion roof. The glass-enclosed space features an industry standard trade show floor, high-tech lighting and a cooling and heating system for maximum comfort year-round. The column-free space is equipped for a variety of events, from trade shows and receptions to banquets and galas.

The Sails Pavilion is flanked by two ballroom foyers that provide excellent pre-function space for receptions, coffee breaks, and registration activities. The ballrooms themselves each offer more than 40,000 sq. ft. and can easily be divided into smaller sections, designed for maximum flexibility. Several meeting rooms open out to expansive terraces overlooking the San Diego Bay, the perfect place for attendees to soak up San Diego's year-round sunshine.

Recent upgrades include new meeting room carpeting, expanded digital signage opportunities in lobbies and common areas, the installation of ten electric vehicle charging stations in our parking garage, and water bottle fill stations throughout the building.

### **SERVICE**

Renowned for our impeccable, high-quality service and experienced, award-winning staff, the Convention Center provides seamless customer service from the initial planning stages to the conclusion of an event. From housekeepers to groundskeepers to event managers, our Center's team has a special operating philosophy; each person who enters our doors becomes an honored guest. This can-do attitude ensures successful events and keeps meeting planners coming back to our center again and again.

A vibrant, year-round destination for inspiration, innovation, and relaxation.

# Sustainability & Community

From using renewable energy to reducing waste, our business practices are recognized nationally and internationally for environmental responsibility and sustainability.

### **ENERGY**

In 2021, we began partnering with San Diego Community Power to source sustainable energy from renewable sources, consequently increasing our renewable percentage from 31% to 50%. We also seek to reduce our energy consumption. For example, our entire facility uses LED light fixtures, including the lights in our iconic Sails Pavilion.

### FOOD SOURCING

Our goal of elevating the culinary experience for our attendees concurrently aims to reduce our impact on the environment through careful ingredient sourcing and menu development. We purchase within a 150-mile radius whenever season permits and develop environmentally friendly menus with vegetarian options.

### RECYCLING AND COMPOSTING

Our extensive recycling program includes 4-stream waste receptacles divided into paper, recyclables, trash, and compost. We do not have in-sink garbage disposal units in our kitchens. Instead, staff are trained to place all food scraps into the green compost bins. We have composted as much as 180 tons of non-edible food in a single year.

When food is prepared but not served, we donate it to the San Diego Rescue Mission. One year of food donations plates over 100,000 meals, on average! To further reduce waste, we collaborate with meeting planners to donate excess convention materials to local organizations. One example is partnering with Habitat for Humanity to provide materials they can use to build houses.

### **CITYWIDE INITIATIVES**

Beyond our building, sustainable practices are evident across our region. In 2022, the City of San Diego updated the City's Climate Action Plan, setting an aggressive target of net-zero greenhouse gas emissions by 2035.

### **VOLUNTEERING**

We also support our community through ongoing participation in the San Diego Pride Parade, holiday donation drives, neighborhood clean-up efforts, and service projects throughout the year.

# Community Recognition for the SDCC team

- Vic Kops Humanitarian Award, Downtown San Diego Partnership, 2022.
- Advocate for the Homeless Award, California Travel Association, 2022.
- The Ronald Kendrick Memorial Award for Regional Collaboration, San Diego Regional Chamber of Commerce, 2021.

# Lobby & Prefunction Space

Enter the San Diego Convention Center and you're walking into an iconic architectural wonder. Translucent, barrel-vaulted glass skylights offer panoramic views of downtown San Diego. With 75,756 sq. ft. of space, and customizable digital signage, our lobby offers a bright and welcoming environment for your guests.

# Exhibit Halls

The exhibit halls offer 525,701 sq. ft. of contiguous exhibit space on the ground floor. The main hall is divisible into seven halls, each of varying size. Streamlined columns provide column-free space in selected halls. Approximately 50 loading docks provide access.

# Meeting Rooms

The building offers over 204,000 sq. ft. of meeting space in 72 meeting rooms located on the upper and mezzanine levels of the building.

# **Ballrooms**

Two 40,000 sq. ft. ballrooms provide ample room for all your needs. The perfect combination of understated elegance and practical functionality, both ballrooms can accommodate larger general sessions or banquets, or can be divided into smaller rooms for any type of function.

# Outdoor Space

With sunshine year-round, the terraces and outdoor mezzanine levels showcase San Diego's beautiful weather. Dramatic views of San Diego Bay and the Coronado Bridge make the terraces the perfect backdrop for any special event. The area features an observation deck and illuminated skywalk. With 184,514 sq. ft., there's room for both small and large functions.

### Sails Pavilion

Considered the building's most iconic space, the Sails Pavilion offers 90,000 sq. ft. with sweeping views of the city and bay. Glass-enclosed with an industry standard tradeshow floor, the area is flexible for activities ranging from upscale receptions to exhibits. The newest enhancement and upgrade to the Sails Pavilion includes the option to customize lighting that is visible inside and outside, illuminating the San Diego skyline.

# What Color is Your Meeting?

Customize and personalize your event in a spectacular way through LED lighting in our iconic Sails Pavilion.

### **COMPLIMENTARY LIGHTING**

Any client that has a full-facility contract can select one color of their choice to light up the Sails each evening of the contracted event days. This will be complimentary during any four-hour block of time of their choosing (ending at midnight) to showcase the color that best represents a specific event. This is our way of saying thank you for bringing your business to the San Diego Convention Center.

# FIRST-COME, FIRST-SERVE LIGHTING

Any client that contracts a portion of space in the Center can receive one color for a single contracted event day of their choosing for four hours (ending at midnight). This will be on a first-come, first-serve basis if the Sails Pavilion has not been contracted.

### **CUSTOMIZATION**

Customization includes:

- Consultation and informational meeting on LED capabilities
- Custom light show design and test
- Pre-Show video presentation and final customization
- Showtime remote monitoring for a seamless lighting show rollout

### **HYBRID EVENTS**

The San Diego Convention Center is prepared to help you offer successful events that feature in-person programming and virtual components, often referred to as hybrid events. The information below details the scale and capabilities we have in our facility.

### **PARTNERS**

With our infrastructure and our experienced in-house technology partners **ON Site** and **Smart City Networks**, we can help you simplify the process of producing hybrid events. The ON Site team provides equipment, platform, labor, content creation, program and technical direction and more. Smart City will ensure you have the necessary connections, secure access and dedicated bandwidth for virtual components.

### SERVICES

Hybrid event activity may scale from a video call in small meetings to live-streaming sessions for remote viewers to presenting keynotes with multiple live speakers in remote locations interacting with in-person attendees. The following menu includes our most popular offerings; our team is able to customize our services to meet your specific event needs.

### **TECHNICAL SUPPORT**

Providing technical and consulting support for customers bringing their own software and equipment.

### **BASIC VIDEO CALLS**

Usually a single speaker on a video call using existing meeting equipment (computer, projector, screen, microphones, camera, lighting) and a platform provided by either the client or ON Site.

### **ENHANCED VIDEO CONFERENCES**

Offering a more complex video conference using Zoom, Teams or an equivalent video conferencing platform to better facilitate multiple remote participants. Potentially use split screens or multiple screens to simultaneously show a presentation and speakers.

### PRODUCTION AND TECHNICAL DIRECTION

Collaborating with you to produce the hybrid programming. This production can involve scriptwriting, set design, live camera-switching, cueing speakers and routing video feeds.

#### **RELIABLE & DEDICATED BANDWIDTH**

Strong internet connections to meet event needs for video streaming and interactivity. Smart City contracts with at least two carriers with separate points of entry into the facility for bandwidth. Should one circuit fail, we have automatic failover to the back-up circuit so there is no downtime to clients.

#### INTERACTIVE CHAT AND POLLING

Creating virtual lounges where remote viewers can interact with either an in-person or remote speaker. Chat text may appear on screen for the speaker and/or the in-person audience. Polling tools allow for seamless collective interaction between the audience and speaker.

### COMPLETE HYBRID CONFERENCE PLATFORM

For a fully immersive and cohesive hybrid conference experience, a single platform can be used for broadcast management, virtual lounges, speaker-ready rooms and audience interactions.

#### **PRE-EVENT RECORDINGS**

Producing video recordings either in advance of an event or before a scheduled release time. Videos may be published on your website or made available to attendees through other methods.

### OFF-SITE BROADCAST STUDIO LOCATION

Providing an off-site studio, potentially in a different city, for remote speakers to conduct high-quality live-streaming.

### CONTENT CREATION AND MUSIC LICENSING

Assisting with licensing music or other content that you may want to include in your virtual materials. Content creation may include full titles and graphics, custom animations and show theme design.

### MAXIMIZING SPONSORSHIP OPPORTUNITIES

Supporting you with identifying unique opportunities, maximizing exposure for sponsors during hybrid events and tracking analytics.

### 24/7 MONITORING & SUPPORT

A local team is available during event hours and oncall 24/7. All ports are polled every 3 to 5 minutes for connectivity and network stability. Additional network switches and wireless access points are kept on-hand and connected to networks at all times.

We can customize our solutions to meet your vision and needs. Contact your event manager to get started today!
